## **A Day to Remember**

### **Tri-Towns Commemorate Local Heroes**

**By Robert Chiarito**

Each of the three communities in the tri-town region came out over the weekend to pay homage to the fallen and to honor the valor and the memories of the servicemen and women who made the ultimate sacrifice as Memorial Day 2008 was marked with ceremonies and parades in Rochester, Marion and Mattapoisett.

While Memorial Day may represent the unofficial start of the summer season, it also is a day that has been set aside for the past 140 years to remember those who have fallen in defense of our union. It is hard to imagine now but when the idea for a Soldiers' Day, as it was once called, first was proposed many thought the day would fade away into obscurity as time passed.

Each war is fought in the hopes that, perhaps, it will be the last. Unfortunately, the last war never seems to happen. In times of crisis our nation has called upon young people over and over again to answer the call and time

and time again there are always those who will answer knowing that they may have to lay down their lives. These are our sons and daughters who we ask so much of and so many serve asking only for the chance to honor and defend their country. On the last Monday in May we do what we can to return the favor by preserving the memory of lives unfinished, lost in places that most of us will never know the horror of in the name of this idea we call America.

The troop had a May Day Celebration on May 8 for Mattapoisett seniors at the facility. Brownie Troop 82 served guests refreshments, chatted with the ladies, sang a few songs and danced around a May pole. They also made sure each guest received a flower pen that the girls made at their meetings. (Photo courtesy of Heather Bichsel).

**Above:** Volunteer Becky Jenkinson of Rochester and Hannah Fels braved rainy weather to direct Walker traffic at Project Bread's 40th annual Walk for Hunger recently. More than 40,000 dedicated Walkers showed their commitment to the cause by taking part in the event that raised a record-breaking \$3.8 million. Funds go to emergency food programs, which are facing steep increases in the cost of food and fuel. For more information, visit [www.projectbread.org](http://www.projectbread.org).

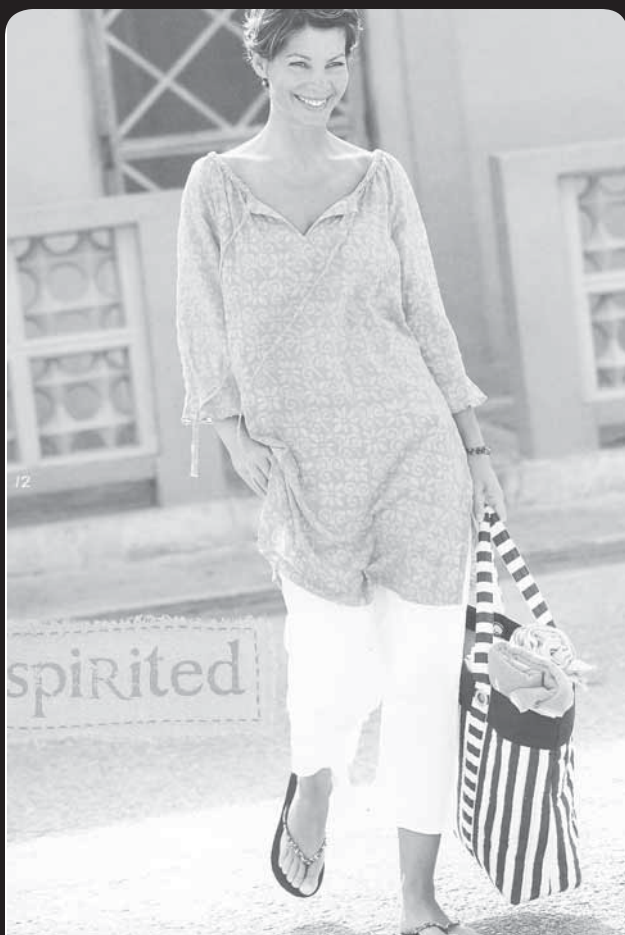

**On the cover:** Longtime Memorial Day Boat Race participants and Rochester residents Jeff Eldridge and Walter Gonet (Team #3, front) battle it out with fellow contestants Jake Goyette and Joe Goyette (Team #4, back) to cross the finish line in the 2008 event. Once adjusted start times were calculated, Team #4 ultimately finished in fourth place with an elapsed time of 1:56:32 and Team #3 placed sixth overall with a final time of 1:57:28. In **Rochester** the ceremonies began on Sunday began with a gathering at 12:00 noon at Town Hall near the Civil War Memorial. Members of the Board of Selectmen along with the Police and Fire Departments led honored guest, State Representative William Straus, as well as the people of the town in a very dignified service that was punctuated by its tone of respect and admiration for the armed forces. The ceremony began with the New Bedford High School JROTC Color guard presenting the flag at the front of a procession that marched from Town Hall to the Rochester Honor Roll Memorial on Route 105.

With the Rochester Memorial School Band playing a selection of patriotic songs the procession, which also included members of the local Boy Scout, Cub Scout and Girl Scout troops, arrived at the memorial at Daggett Square. Selectmen Bradford Morse, Richard Nunes and Dan McGaffey took turns reading the names of each serviceman on the memorial honoring soldiers who fought in the wars of the twentieth century. The playing of taps and a salute by firing squad for the men who had fallen in these wars followed the reading. The procession then returned to Plumb Corner and Town Hall where the Town's Civil War memorial stands.

Upon returning to Town Hall, Judge Chris Byron recited the Gettysburg Address. Mr. Nunes introduced Representative William Straus who noted that sacrifices included not only the lives of those who died in the countries various wars but also spoke to the sacrifices of all

who served in time of need. He remembered the wounded and those affected by the experiences of war saying, "Memorial Day is a time to remember the sacrifices made by all of the men and women who gave of themselves for their fellow countrymen. Perhaps the best remembrance we can give is to simply and solemnly read the names of the dead." Following Representative Straus' address, the Selectmen again read the names of the servicemen on the memorial followed by another playing of taps.

In his benediction, Rochester Congregational Church's pastor, The Reverend Dr. Leo Christian, made a prayer for peace and asked those in attendance to think of the men and women who are presently in harms way in what is becoming a very long war in Iraq. He prayed

for the families of the service personnel and asked for safe returns for everyone involved in the conflict.

In **Marion** a crowd of several hundred people turned out at the start of the day on Monday for services at the war memorial in front of the town's Music Hall at 9:00 am. Members of the Benjamin D. Cushing Post 2425 VFW began the day by placing flags at the foot of the monument while Joseph Zora Sr. placed a wreath at the statue's base to honor the men and women of Marion who answered the call and fell in the line of duty during the Nation's formative years. ORR students Chelsea Nectow and Coby Williamson lent their voices to the proceedings as Ms. Nectow sang a song and Mr. Williamson recited the Gettysburg address.

Newly-elected Selectman Steve Cushing along with incumbents Roger Blanchette and Jonathan Henry then led a parade from the Marion Music Hall to Marion Town House. The procession included the Sippican School Band and the Portuguese-American Band of New Bedford playing "You're a Grand Old Flag" as the crowd trailed behind. The procession made its way down Front Street, turning onto Main Street and continued on its way toward a podium in front of Town Hall on Spring Street where another brief ceremony took place. The parade then reconvened and continued down to the Old Landing for a ceremony at the gravestone of Benjamin D. Cushing. The parade then made its way down Ryder Lane to the Old Landing Memorial Park where a final ceremony was

held at the markers honoring the fallen veterans of the country's wars dating from World War I to the present.

In **Mattapoisett** services returned to the steps of the newly-remodeled Mattapoisett Free Public Library where members of the Florence Eastman Post 280 American Legion hosted the day's events. In his opening remarks, Legion Commander Michael Lamoureux honored the post's namesake, Nurse Florence Eastman, by giving a brief synopsis of her selfless acts and service to the town and country. His remarks were followed by a series of speakers including Judge Chris Byron, State Representative William Straus, Selectman Jordan Collyer and local Veterans Agent Barry Denham.

The recitation of the Gettysburg Address fell upon Old Rochester Junior High School student Sean Murphy, who did a fine job carrying out the task. The Old Hammondtown Orchestra under the direction of Stan Ellis played "The Star Spangled Banner" before the crowd made its way to the south lawn of the Library where a tree planting by the Mattapoisett Tree Planting Committee took place followed by a rededication and wreath laying ceremony at the park's War Memorials. A parade then made its way through the town to the waterfront where a wreath was tossed into the harbor from Long Wharf while members of the New Bedford High School JROTC Firing Squad fired their weapons to salute veterans who lost their lives at sea. The ceremony continued on to the Cushing Cemetery with another salute was given for those who perished on land.

The members of American Legion Post 280 then invited those who wished to join them at the post's hall on Depot Street. The American Legion offered refreshments and welcomed veterans and the people of Mattapoisett for an afternoon of reminiscing and camaraderie among the veterans.

These scenes were repeated throughout the day from coast to coast at battlefields and monuments, cemeteries and memorials to give voice to those who we all owe our deepest gratitude and respect. No matter what our differences may be or what form of politics we may believe in personally, Memorial Day is a day to set aside all of those differences so that we may come together to say thank you to those who have sacrificed so much in the name of each of us and in the name of America.

experience knows that having a senior prank by the end of the school year is inevitable. This practice has practically gone down in history with letting rodents run free in the school, blocking off the administration's parking lot, riding scooters through the hallways, and more. The problem is that the line between a prank and a federal offense can be a bit unclear and therefore crossing it will sometimes happen unexpectedly.

Many teachers and students were completely stunned with the outcome of this year's senior prank at ORR High School. It all began on Wednesday, May 21 during first block. An announcement was made over the loudspeaker by a voice that sounded nothing like Mrs. Jefferson, who runs the front office and is known for making most of the announcements. It was the voice of a male student. He began to read off a quote that sounded like gibberish to those who weren't paying full attention. The funny thing is this announcement had a much deeper meaning than many students could truly understand. As one teacher later tried to explain, it was a Fidel Castro speech taken from the novel *1984* by George Orwell and it ultimately suggested the bringing in of violence. On the surface of it all, though, the quote didn't hold any type of real threat.

What might have been forgotten throughout these mysterious announcements was that on May 21 the sophomore class was in the middle of MCAS. The law says that those taken this standardized test should

have absolutely no interruptions. This means that no announcements are to be made during first and second blocks, while the exams are being taken. A few seniors admitted that the announcements were first planned to be done after the testing was completed but, caught up in the excitement of the prank, they jumped the gun.

A buzz began to transfer throughout the school about the announcement. Everyone wanted to know who the culprits were, how they cracked into the system and where they were hiding out. It was apparent that they must have been stationed somewhere private since more announcements were being made throughout the early morning. Although this prank began seeming like an innocent trick, it soon spun into a whirlwind of complete chaos. Police were brought in while news that two students, caught for making the statements over the loudspeaker, were now suffering the consequences. Some people were saying that they were suspended from the final exams, some said they would not be able to graduate with the class and not be able to attend prom.

Fellow students were outraged that a simple prank had become such a big ordeal. Quickly they formed a plan that mirrored exactly the type of behavior they had learned in history class, to make a "peaceful protest." Students came together for a sit-in outside of the school's main office. Signs that urged the freeing of those who were involved and now in trouble were being held.

The protest was eventually disbanded by police. Two seniors, Thomas Buckley and Zachary Sherman, refused to move, trying to voice their own rights and were therefore charged for disorderly conduct. A lot of the others proceeded back to class, feeling as though the cause they were fighting for wasn't worth losing their privileges. Ironically enough, many of those involved didn't even truly understand what the commotion was even about. It was just that they were finally feeling able to stand up against the administration that rules over them every day. For the kids, it was finally an opportunity to feel some kind of power.

Those may say that the behaviors of these students were justified, while other might argue that they were completely disrespectful; however, I think everyone can agree that the day did provide the most excitement

**Election Results**  
**Marion Voters Approve Police Station, Elect Cushing**  
**By Kenneth J. Souza**

Voters in Marion narrowly approved a Proposition 2-1/2 override to fund a new \$3.8 million Police Station during the Annual Town Election held at the Marion Music Hall on Friday, May 23. The only referendum question on the ballot, the measure passed 574 to 553, with 43 blanks.

"So the Police Station passed by about 20 votes," Town Clerk Ray Pickles announced shortly after reading the results at the polls.

The last proposal to construct a new Police Station on land donated to the town by Tabor Academy passed at Town Meeting but resulted in a tie at the polls, thereby failing. But a revised, scaled-down project was brought back before voters this year and managed to finally garner support on both Town Meeting floor and at the ballot box.

Like the Police Station, tenacity also seemed to pay off this year for Stephen M. Cushing, who finally won a three-year seat on the Board of Selectmen during his fourth attempt, taking the seat vacated by former Selectman Andrew Jeffrey. Mr. Cushing handily beat former Selectman Joseph P. Zora Sr. with a vote count of 796 to 324, respectively.

Upon learning the results, Mr. Cushing seemed visibly relieved.

"I'm thrilled, but a bit nervous," he said.

When asked what his first point of order will be after assuming office, the longtime Finance Committee member stressed fiscal concerns.

"I think the biggest challenge we face is the financial situation in town," Mr. Cushing said. "Like other towns in the area, we're all facing a lot of financial challenges. It's going to take a lot of planning and we're going to have to start right away."

Mr. Cushing was sworn into office by Town Clerk Ray Pickles minutes after the polls closed.

In other contested races, Sherman E. Briggs Jr. lost

## Animal Advice

### Jay Gould, DVM

#### Insect Bites

*My dog came inside from his run with a number of 1/2 inch red marks on his belly that were shaped like bullseyes. Are these from deer tick bites? Does it mean that he will get Lyme Disease?*

Because of the mild winter, this spring has been especially bad for black flies and biting gnats. These are the small flies that circle your head in the morning and evening. When they bite a dog, usually on the belly and ears where the hair is thin, they leave a characteristic bullseye shaped mark.

*Is there a way to prevent him from being attacked by these flies?*

Try putting Avon Skin So Soft on the areas that have a thin hair cover. Other insect repellents containing DEET may not be safe on your dog. Use them very sparingly, as on the ears only.

At 7:10 pm the board met with Highway Surveyor Barry Denham to discuss Old Slough Road. Mr. Denham has been looking into the possibility of using Old Slough Road as an alternate evacuation route off Point Connett in the event of a hurricane.

"In March of 1968 we found a copy of a deed for Old Slough Road, which was approved under Article 11 on the Town Meeting of 1810," Mr. Denham said. "I do have the layout of the road. I took all the information to the Town Engineer. They estimate the cost at \$20,000 to establish the accepted layout. The question is: can I go

in there and get it cleaned up so it could be used as an emergency evacuation route. We do own the land, but we don't own the land where the road currently is."

Mr. Denham said they discontinued a portion of the road in 1932. "What was discontinued was a branch, or a slur, off Old Slough Road," he said. "But according to the 1810 layout, there is no branch. So we're spent a considerable amount of time researching town documents to determine where the (acceptable) road way needs to be."

In order to proceed, Mr. Denham suggested they have a survey of the road conducted at the estimated cost of \$20,000.

"Every year, when Hurricane Season approaches, people say we should have an evacuation route from Point Connett," Mr. Denham said.

"I agree with (Mr. Denham)," Fire Chief Ronald Scott said. "I think people ought to really consider paying attention to make sure they evacuate when we say evacuate. We don't pull the trigger early ... I know during Hurricane Bob we lost a lot on Point Connett."

One of Chief Scott's concerns, however, was his ability to get a fire truck or apparatus down the road, even if it is cleared as an access route. "I can't commit a fire truck to that road," he said.

"I would question the advisability of spending \$20,000 to clear a road that won't be passable during an emergency," Chairman Lombard said.

With that, the board decided to forgo spending

money on the survey since Old Slough Road didn't seem an advisable route for emergency vehicles. "I don't see it as a viable option as an evacuation route," Chairman Lombard said.

Chairman Lombard noted since Selectman Andrews had been representing the town in negotiating the contracts with the ORR School District, he suggested that Selectman Collyer take over in his place since he previously represented the local schools in the same capacity. The board unanimously appointed Selectman Collyer as such.

At 7:30 pm the board met with James Sullivan regarding the grandfathering of skiff privileges and in response to a letter he recently sent to the board. Mr. Sulli-

van is requesting relief in this matter and asked that he be given a skiff space because the ruling has changed on the maximum beam size for eligible skiffs.

"The whole reason this came about was at low water where I am, I have a hard time getting out," Mr. Sullivan said. "I noticed there has been an open skiff space ... and I asked Mr. Mach and he told me there is a space there but it is unoccupied. All I'm asking is that I be grandfathered. I was on the list prior to the (regulation) change and I'm asking that I be able to transfer with that skiff."

"We make a rule and things were in place before the rule was made," Chairman Lombard said. "If you were to go out tomorrow and buy a boat, I'd expect you to buy a boat that's 65 inches wide. But since you had this boat before the regulation, I don't have a problem voting that you be grandfathered. It's within reason."

With that, the board voted to grandfather any skiff currently on the skiff transfer list that was in place prior to the change in regulations, regardless of its size.

"One of the things brought up at Town Meeting that I think we should pursue is looking at options for a new Fire Station," Chairman Lombard said. "I think we should move forward so we can bring something to the voters at the next Annual Town Meeting. But I think everyone needs to know that we can't build a Fire Station without a Debt Exclusion. We're looking at somewhere around \$4 million. I know we have plans, but I think we

need to look at the plans and see if there's any way to find some savings. I thought it was a good plan to begin with."

Selectman Randall asked who owned the land adjacent to the Mattapoisett Police Station, on the side opposite the new housing units. He suggested looking at that property for a combined police/fire station might be a good option.

"I think we missed the boat back then ... to make a combination police and fire station," Selectman Randall said. "I think if we combine, we can save."

"I agree with you, but that was before my time," Selectman Collyer said. "Should it have been done 20-plus years ago? Absolutely."

Fire Chief Scott said he would revisit the cost estimates he has in hand and update them while looking at other options for the project.

"We support the idea that we need a new Fire Station ... and we need to bring it (back) to the general public," Chairman Lombard said. "I think we should vote on a Debt Exclusion first during the November election, then we can vote on the project at the next Annual Town Meeting. I would only support this if it appears on the spring Town Meeting warrant."

Selectman Collyer also suggested looking into getting an appraisal on the existing Fire Station property so that amount could be used to offset the price of the new Fire Station project.

"I'm all for selling the building if we can't find a reasonable use for it," Selectman Collyer said.

In other matters, the board:

- Noted their next regular Selectmen's meeting will be held on Tuesday, June 10 beginning at 7:00 pm at the Mattapoisett Town Hall.

- Reminded everyone that the Mattapoisett Town Hall will be closed on Monday, May 26 in celebration of

into an outdoor patio area and also to serve alcohol in the patio area.

Selectman Blanchette noted that Mr. Monger was granted an extension of his liquor license several months ago and at that time the neighbors expressed concern over the additional hours of operation. "You don't think (expanding to an outdoor patio) will raise additional concerns?" he asked.

"The restaurant gets fairly busy right now ... when you go outside you can't hear a word," Mr. Monger said. "The immediate neighbors ... have commented that they're all for the patio. The patio will be on the Route 6 side of the building and I'm going to build a breezeway to block the noise and view of the patio."

Selectman Blanchette also expressed concern over the availability of parking for the establishment. Mr. Monger has apparently obtained permission from an abutter to use his property for additional parking.

“The situation is you’re now using up to 24 spaces on his property,” Selectman Blanchette said. “If he decides to do something with his (own) property, we’re going to have a huge parking issue.”

“It looks like reasonable effort has been made to isolate the parking area and to add some sound attenuation between the patio (and the neighbors),” Chairman Henry said. “I would have to infer that the absence of people from the neighborhood speaks volumes. Even though this is an expansion, there doesn’t seem to be a strident objection.”

“Mr. Monger has met all the stipulations made by the Planning Board as far as parking and noise abatement,” said Planning Board member Joseph Napoli. “We have held many meetings on this application going back several months. One neighbor, Mrs. Sylvia, attended and gave the expansion her blessing. We have had no other neighbor attend our Planning Board meetings.”

“The lack of neighbors basically reflects the resignation of the neighborhood,” abutter Albin Johnson suggested. “We’ve attended previous meetings and have been ignored.”

“Since I bought the Sippican Cafe in July of last year, I’ve constantly been addressing the parking issue,”

Despite these concerns, the board unanimously approved the liquor license as requested.

The board also approved one-day all-alcohol licenses for the Sippican Tennis Club (June 13); the Marion VFW Post 2425 (June 6, June 8, June 13); and the Marion Social Club (June 8 and July 13).

The board next considered issuing a Common Victualler's license for Paul St. Don, d/b/a Nautical Dog, for a mobile hot dog cart down at Island Wharf.

with a policy for third-party ambulance billing. However, in light of the recent Town Meeting vote to reconsider this decision, Mr. Dawson said they will first evaluate bid proposals from various vendors and then solicit citizen input via a public hearing before making a final decision.

"I will note the vote taken at Town Meeting was an advisory one, but I think we need to respect the will of voters," Mr. Dawson said.

"I think doing so sets a precedent," Chairman Henry said. "We've already made a decision and gone through several public forums here. I don't recommend that we take the course that you've outlined."

"I absolutely think we should have a public hearing," Selectman Blanchette said. "The Town Meeting voted and asked that we have one. My feeling is simply that we absolutely should listen to Town Meeting and have hearings on this issue. I know that we voted, but I still feel the same way."

"Ultimately the vote at Town Meeting was to hold a public hearing to receive citizen input on the decision made to go to third-party billing for the ambulance service," Mr. Dawson said.

"As a member of the Finance Committee, we were in full agreement that we should go to third-party billing," Selectman Cushing added.

"I'm not unwilling to follow a Town Meeting directive, but I think this is going to set a precedent and mire a process that was, in itself, two years in the making," Chairman Henry said. "I just think the danger here is in purely governmental terms. We've added something that is not part and parcel of the democratic process, despite the Town Meeting vote."

"The other suggestion I have is we put the draft ambulance billing policy out there on June 10," Mr. Dawson said. "That will give everyone time to digest it and offer feedback during the public hearing. My recommen-

dation would be to have a public hearing on June 24."

With that, the board voted to hold a public hearing at the Marion Music Hall on Tuesday, June 24 at 7:00 pm to discuss the third-party ambulance billing via majority vote, with Chairman Henry in sole opposition.

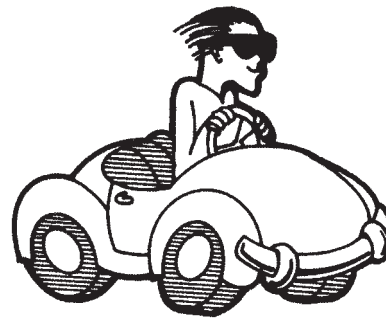

There being no further matters to come before the board in Open Session, they unanimously voted to go into Executive Session at 8:40 pm to discuss contract negotiations and would thereafter adjourn for the evening.

**Bulldogs** have posted an unbeaten season. Last year saw the **ORR Girls Outdoor Track Team** go without a loss. This season the **Ladies' Tennis Team** completed a dream regular season by winning their final three matches to end the year with a 20-0 overall record and an SCC mark of 14-0.

**Micheala Shoemaker** and **Amy Heacox** each made it through the year without a loss in leading ORR to the SCC regular season title. The team began the week with a 4-1 win at Bourne on Wednesday, May 21. The win at Bourne was followed the next afternoon with another 4-1 road victory over the Dartmouth Indians. The ladies rounded out the season and the week with a 3-2 win at Dighton-Rehoboth. The doubles team of **Alyssa McCarthy** and **Yuliya Shaness** won 6-2, 6-0 to seal the perfect season for the Bulldogs. The team now awaits the announcement of their match-up for the opening round of the State's Division 2 tournament.

The **ORR Boys Tennis Team** also won the SCC 2008 title as they downed Dighton-Rehoboth 4-1 at home on Saturday, May 24. The win gave the Bulldogs an 11-1 mark in SCC play and the title. Earlier in the week the team scored a trio of 5-0 wins as they downed Dartmouth at home on Tuesday, May 20, Bourne at home the next afternoon and Martha's Vineyard on the road on Friday, May 23. **Regis Chang** went unbeaten in team play for the season posting a 16-0 record for the Bulldogs. RYB has added a few exciting new features to the tournament, including a \$5,000 Hole-in-One contest and a \$5,000 Long Putt. Winners of either contest would split the winnings with the league. In addition, the Rochester Youth Baseball team that recruits the most golfers wins a free pizza party at Towne Pizza.

## Letters to the Editor

### To the Editor:

June is here, and the Marion Summer Fireworks Committee appeals to all lovers of our wonderful annual tradition: please send in your donation if you haven't already! Costs are up this year and we are still approximately \$15,000 short of our fundraising goal.

For many years, the Committee has proudly raised 100 percent of the funds needed through private contributions. Not a penny of taxpayer money has been used to mount our truly spectacular fireworks display, celebrating the Fourth of July over Marion harbor and Silvershell Beach. Tri-town citizens and hundreds of boaters are filled with the spirit of the USA as the Marion Town Band plays patriotic music and the skies explode with color.

Make your check payable to the Town of Marion – Fireworks and send it to 2 Spring Street, Marion MA 02738.

Sincerely,

[www.marionchiropractic.com](http://www.marionchiropractic.com)

"I began to have severe pain in my sciatic nerve. I am a nurse practitioner and knew that the medical intervention would be a series of steroids, covering up the problem with painkillers, and a good potential for chronic pain. I remembered a time when a fellow nurse was able to **avoid back surgery because of chiropractic intervention**. Now my sciatic pain is gone and I am able to stay pain-free with periodic chiropractic care."

- Barbara Nick, Marion

"I came to Marion Family Chiropractic because I had several medical issues and was always sick. Now I feel a lot better! **I rarely get sick anymore** and many of my health issues have become better."

- Amanda Carreiro, Fairhaven

"I had headaches every day for 2 years that were sometimes so severe that I would 'black out.' I started chiropractic care for the headaches a few weeks ago, and **I have already gone 3 weeks without a headache.**"

- Jacob Pickering, New Bedford

"My body felt tight, and I had a pinched nerve in my neck. I feel 100 times better now. **I am most happy I found this office because of the results.** A change I didn't expect is that I feel much more calm and I have increased clarity in my thinking."

The U.S. Army Corps of Engineers, New England District, and the Massachusetts Environmental Policy Act (MEPA) Office of the Massachusetts Executive Office of Energy and Environmental Affairs will conduct a coordinated review of an Environmental Impact Statement/ Environmental Impact Report (EIS/EIR) for the South Coast Rail Project proposed by the Massachusetts Executive Office of Transportation and Public Works (EOT) to determine its environmental impacts.

EOT is seeking a Corps of Engineers permit under Section 404 of the Clean Water Act to discharge fill material in up to 14 acres of waters of the United States, including wetlands, incidental to establishment of commuter rail service between Boston and New Bedford and Fall River. They are also seeking an environmental review and permits from the Commonwealth of Massachusetts.

The National Environmental Policy Act (NEPA) requires that the lead federal agency in an environmental review make a determination whether an environmental assessment or EIS is required. An EIS determination is made when the lead federal agency finds that the proposal represents potential significant environmental impacts and represents a major federal action significantly affecting the quality of the human environment. The Corps made its determination to conduct an EIS on May 7, 2008.

The Massachusetts Environmental Policy Act (MEPA) requires that EOT evaluate the project and its

Officials tentatively project that a notice of intent to prepare a Federal EIS will be published in the Federal Register in September 2008 which would be followed by joint Corps/MEPA-sponsored scoping meetings in the fall of 2008. Scoping meetings provide an opportunity for the public, interested groups and local, state and federal agencies to note all potential issues or concerns of the proposed project. These issues and concerns will help shape what is studied in the EIS/EIR.

"This is a joint endeavor to understand all the impacts — direct, secondary and cumulative — of this proposed project, and to fully and fairly evaluate alterna-

tives. In the interest of good government, the Corps and MEPA will collaborate in the coordinated review of the EIS/EIR," said Christine Godfrey, the Chief of Regulatory Division at the Corps' New England District. "As lead federal agency on the EIS/EIR, the Corps looks forward to working with the other federal, state and local resource agencies and the public on understanding all the impacts associated with this proposed rail project as it pertains to the transportation needs and smart growth initiatives of the Commonwealth of Massachusetts."

The EIS/EIR is expected to be completed by spring 2010 depending on the complexity and range of the issues involved and the studies that may be required. Officials expect to build on the information that is already available and the studies that have been conducted in the past.

"For a large and complex project that requires both state and federal approvals, a coordinated environmental review is the best way to bring all the relevant information to light for public comment," said Deerin Babb-Brott, Director of the state MEPA Office. "Secretary Ian Bowles appreciates the Corps' willingness to undertake this coordinated review, and I look forward to working with the Corps throughout the process."

The Corps has been part of an interagency review team since September 2007 working with federal, state and local agencies involved in the review of this project.

### Homes for Our Troops

The Ponderosa will host a Motorcycle Bike Run on Sunday, June 29 to benefit a very worthy cause — to raise money to build specially-adapted homes for our severely wounded veterans returning from the War on Terror through the efforts of the Taunton based non-profit organization, "Homes for Our Troops."

This rain or shine event will start and finish at The Ponderosa located on Route 105 at the Acushnet/Rochester Line. Registration will take place at 11:00 am with donations of \$10 per person. The ride begins at 12:00 noon and will immediately head towards Plumb Corner Mall where there will be a Patriotic Community gathering of all those not participating in the bike run, but would like to show their spirit and appreciation of both the Veterans and civilians participating in the ride to raise money for Homes for Our Troops.

## Rochester Country Fair

The Rochester Country Fair Committee is currently in the process of putting together the program book for the Fair's Ninth Annual Celebration. They are excited to introduce what has been planned for the summer and they need your support!

The Rochester Country Fair will take place August 20-24, 2008. They will be celebrating the "Wild West" as the theme for this year's fair. In addition to the already-popular old-fashion and unique events, they will be adding a few others to go along with the theme. New events currently include a Lasso Contest, Stick Pony Races, Barrel Races, and a Antique and Western Wagon Exhibition just to name a few.

Last year's celebration was a tremendous success which was made possible through the generosity of many local businesses, organizations and individuals. Kids Rides have raised nearly \$400,000 since 1998 when the first unofficial PMC Kids Ride began. PMC Kids Rides involve young people in volunteerism and charitable giving, while providing a safe and fun opportunity for them to become involved in the PMC mission.

The PMC Tri-Town Kids Ride will start at 9:45 am on Saturday, June 14 at Center School on Barstow Street in Mattapoisett. There is a \$10 registration fee. Fundraising is encouraged but there is no minimum dollar amount. Contributions can be made payable to the Pan-Mass Challenge. For more information, to register for the ride, or to volunteer, please go to <https://kids.pmc.org/mattapoisett>.

The Pan-Mass Challenge is a 192-mile bike-athon that draws over 4,000 cyclists from 30 states and six countries to ride across Massachusetts to raise millions of

dollars for cancer research and treatment for Dana-Farber Cancer Institute through its Jimmy Fund. Now in its 29th year, the PMC generates nearly 50 percent of the Jimmy Fund's annual revenue. It is the most successful athletic fundraising event in the nation, as it raises and contributes more money to charity than any other. It is also the most efficient. In 2007, the PMC donated \$33 million — 99 cents of every rider-raised dollar went directly to the Jimmy Fund. This year's PMC event is scheduled for August 2-3, 2008.

### Marion Police Brotherhood

The Marion Police Brotherhood is currently conducting a local fund-raising campaign. Townspeople and area businesses are being contacted for contributions to this excellent cause. As a "thank you," everyone that helps will receive complimentary tickets to this year's summer event, featuring a Fleetwood Mac Tribute Concert on Saturday, July 12 at 8:00 pm at Silvershell Beach. Proceeds will go towards Christmas baskets for the elderly, Thanksgiving Day Meals, the Annual Road Race, the after-prom party, as well as many other community programs that the Marion Police Brotherhood support throughout the year.

backyard gardens. Shades of blue and gold intermingle with blushes of cherry pink flowers and they all come together forming their riot of glory during the month of July. Local folks scoop it up with barely a thought, as if; robust colors and beautiful gardens were simply a Mattapoisett birthright.

Well, travelers too, can share in the bounty as the Mattapoisett Women's Club invites residents and visitors to pull up their oars and meander among some of the town's top choice garden destinations. The "Tellurian Garden Safari" presented by the Mattapoisett's Women Club includes: Seaside gardens, suburban gardens and village gardens consisting of everything from vegetables for a better "carbon footprint," to gardens with daylilies, ground cover, grasses, perennial plantings, to new varieties of shrubs and trees that give interest to a corner lot in the village.

Since successful vegetable gardening involves far more than just popping a few seeds into the ground and waiting for a tomato or pepper to appear, gardeners and homeowners will be on hand to give tips on the three Ps ... planning the garden, preparing the soil, and then... planting the seeds.

The Women's Club invites everyone to join them on an adventurous trek through the "Tellurian Gardens" of Mattapoisett on July 12, 2008 from 10:00 am to 4:00 pm, rain or shine. Tickets with maps are available at several convenient locations: Cathay Temple Restaurant,

# MOVIE REVIEW

## Whip It Good

By Rob Gonsalves  
www.robsmovievault.com

***Indiana Jones and the Kingdom of the Crystal Skull*. Starring Harrison Ford and Cate Blanchett. Directed by Steven Spielberg. Running time: 122 minutes. MPAA rating: PG-13.**

Of all the emotions fighting for dominance as the end credits rolled on *Indiana Jones and the Kingdom of the Crystal Skull* — satisfaction, joy, even a pang of bittersweet sadness — the one that won out, for me, was relief. They'd done it — "they," of course, being Steven Spielberg, George Lucas, and Harrison Ford. They had brought Indy back to us, our Indy, and they hadn't screwed it up. Better still, they'd involved him in a cracking good tale very much in the tradition of the previous three adventures. Underneath it all is the hunger of all three to prove they can still pack a punch, draw back a curtain and make you gasp or laugh or both at once. Even as a die-hard Indy fan, I was nervously prepared for this outing to be lame and redundant. But I don't quite understand the naysayers on this one: *Crystal Skull* delivers.

A bit saggier in the jowls but no less inquisitive, tenacious, or witheringly sarcastic in the face of big evil lugs, Ford's Indy is still teaching and still running afoul of people who want ancient doo-dads. It's 1957, when the Russians were the big bads, and they seem to think psychic powers will help them rule the world. One of their number, Irina Spalko (Cate Blanchett, camping and vamping deliciously), wants Indy to lead her and her minions to a crystal skull hidden amid the leaves, mummies and vicious ants of Peru. Along the way, Indy casts off a duplicitous partner (Ray Winstone), picks up a greaser sidekick named Mutt Williams (Shia LaBeouf, who acquits himself with humor and grace despite the sneering of many fanboys), finds old colleague Harold Oxley (John Hurt), who appears to have been added by his exposure to the skull, and reunites with his great lost love Marion Ravenwood (Karen Allen).

Part of what makes *Crystal Skull* work for a part of the audience is the weight of nostalgia, the long gap between it and the last film (*Indiana Jones and the Last Crusade*, from 1989) — on some level it's a farewell-tour package where the members of the band put on one last spectacular arena show. At least I *hope* it's a farewell — any more after this would probably be pushing it. How's the action? Spielberg stages it with a seemingly long-forgotten instinct for the mechanics of momentum and release. Other than an expendable bit involving Mutt and some monkeys (I smell Lucas all over that one), the sequences — clipped together by Michael Kahn with his usual unearthly mix of smooth and sharp

— join suspense and comedy in just the right old way. And seeing Indy delve once again into some godforsaken cobwebby place where less cautious others have died and rotted just made me illogically blissful.

It occurs to me that Ford is often only as good as the co-stars who can bring out his snark and his vulnerability in equal measure. In recent years it's mainly just been him up there, straining to keep some thinly written thriller or drama afloat. Here he works opposite the disdain of youth (LaBeouf), the hauteur of evil (Blanchett), the babbling of a cracked mystic (Hurt), and the fury of a woman scorned (Allen), though this last gentles into the familiar spiky rhythm of "Jones, you bastard, I love you! Now save us, you idiot!" The more detached reviewers can tell you exactly why David Koepp's script is so blatantly contrived as to reteam Indy and Marion, but some of us have been waiting twenty-seven years to see these two together again, and if they had launched into a Bollywood song and dance it would not have blemished my gratitude one iota.

The movie plays and sounds like a vintage Indy film, though it looks subtly different, sometimes not so subtly. Douglas Slocombe, who shot the previous entries, was a sorcerer conjuring deep shades of tan and red and blue. The images popped. Here, Spielberg replaces the long-retired Slocombe with his cinematographer since *Schindler's List*, Janusz Kaminski, whose palette is a bit more washed-out. But I grew to accept this: Indy is grayer, we *all* are, and so is the film, which seems to truly launch with a saddening moment when Indy takes stock of the people he's lost. So when Indy maneuvers around the long-dead in their crypts this time, he may see more in them now than he's comfortable with. *Crystal Skull* tips its fedora warily to the march of time — I can't adequately express how jarring it is to hear rock 'n' roll in an Indy film, as it's meant to be. But that doesn't mean we're not still transported and rejuvenated by the journey. By the last scene, with Harrison Ford looking goofily happy in his bow tie, some of us can't help grinning right along with him. That's entertainment.

# SALOME'S STARS

**ARIES** (March 21 to April 19) Lots of possibilities begin to open up by midweek. Some seem more appealing than others. But wait for more facts to emerge later on before you consider which to choose.

**TAURUS** (April 20 to May 20) Bravo to the determined Bovine. While others might give up, you continue to search for answers. Expect your Taurean tenacity to begin paying off by week's end.

**GEMINI** (May 21 to June 20) You might want to consider stepping back from the task at hand for a while. This could help you get a better perspective on what you've done and what still needs to be done.

**CANCER** (June 21 to July 22) Your keen Cancerian insight should help you determine whether a new offer is solid or just more fluff 'n' stuff. The clues are all there waiting for you to find them.

**LEO** (July 23 to August 22) Being ignored is difficult for any proud Leo or Leona. But pushing yourself back into the spotlight might be unwise. Instead, let things work themselves out at their own pace.

**VIRGO** (August 23 to September 22) Trying to uncover a colleague's secret under the pretext of showing concern is ill-advised. Control your curiosity to avoid raising resentment in the workplace.

**LIBRA** (September 23 to October 22) Expect to hear good news about a loved one. Also, be prepared for some changes in several family relationships that could develop from this lucky turn of events.

**SCORPIO** (October 23 to November 21) Some surprises are expected to accompany a number of changes that will continue through part of next week. At least one could involve a romantic situation.

**SAGITTARIUS** (November 22 to December 21) You might be upset by some of your critics. But most of your associates continue to have faith in your ability to get the job done, and done well.

**CAPRICORN** (December 22 to January 19) A workplace goal that suddenly seems out of reach is no problem for the sure-footed Goat, who moves steadily forward despite any obstacles placed in his or her way.

**AQUARIUS** (January 20 to February 18) Uncertainty about who is right and who isn't might keep you from making a clear-cut decision. Wait until you know more about what you're being asked to decide.

**PISCES** (February 19 to March 20) Be careful to keep your emotions in check when dealing with a demanding personal situation. You need to set an example of strength for others to follow.

**BORN THIS WEEK:** You have an extraordinary ability to rally people to do their best. You would be a treasure as a teacher.

### Project GROW Raffle

The Project GROW Parents' Group Annual Basket Raffle is currently in progress. This fundraiser benefits the Scholarship Fund. This fund offers two scholarships to Project GROW alumni upon their high school graduation, one earmarked to a child with special needs, and the other to a child without special needs.

There are five theme baskets: Time to Play, Pamper Yourself, For the Home, Bon Appetit and Love to Garden. These baskets are incredible! Do you like dining out? The Bon Appetit basket includes gift certificates to a variety of local restaurants. The Love to Garden basket features a hand-carved stone bird bath! The other baskets rival these with gift certificates and products generously donated by members of the community. Tickets can be purchased from Project GROW families and K-3 students in the tri-town area. The tickets are \$2 each. The drawing for the baskets will be held on June 4. The winners are picked by Project GROW students and will be notified promptly.

Project GROW is an integrated public preschool serving the Old Rochester Regional School District (Marion, Mattapoisett and Rochester). The program offers children 3-5 years of age with and without special needs a challenging, developmentally appropriate experience.

### Mattapoisett Coyote Lecture

The Mattapoisett Land Trust wishes to invite the public to attend a lecture by Dr. Jonathon Way titled "Ecology and Education of the Eastern Coyote in Eastern Massachusetts" to be given at 1:00 pm on Saturday, May 31 at the Friends' Meeting House.

Very little is known about coyotes in suburban and urban settings, but Jonathan Way's research has provided insight into these fascinating, highly successful predators. Dr. Way obtained his MS degree at UConn Storrs and PhD degree at Boston College where he combined science and educational issues associated with these creatures. He has also hand-raised a group of coyotes, which were a valuable asset to both the science and educational components of his work. He continues to radio-collar and follow coyotes on Cape Cod and in Boston to learn about their behavioral and dispersal patterns. His book, *Suburban Howls*, explains his research experience and results over the past 10 years and is intended for the layman.

The lecture will follow the brief MLT annual

### Brandt Island Cove

The Mattapoissett Land Trust (MLT) wishes to invite the public to join its members in the dedication of the Walega-Livingstone Preserve on Brandt Island Cove at 10:00 am on Saturday, May 31.

The 107-acre preserve was acquired in January of this year after three years of negotiation and fundraising. This is the largest acquisition ever made by the MLT both in acreage and in monetary value. It was only made possible by a grant from the North American Wetlands Conservation Act (NAWCA), funds available from the fines levied for the Bouchard oil spill which adversely affected the Cove in 2003. The preserve contains some of the most environmentally significant, and sensitive, acreage in Mattapoissett and will now be available to the public in perpetuity for passive recreational use.

Following the dedication and tour of the property, everyone is invited to a potluck lunch at the Friends' Meeting House on Route 6 in Mattapoissett — please bring a dish to share and the MLT will provide drinks and dessert. After lunch the MLT will hold a brief business meeting to review the year's accomplishments and elect a slate

Everyone interested in attending the dedication should gather on Anchorage Way at 10:00 am or, if you wish to carpool, you can join MLT members at the Friends' Meeting House on Marion Road (Route 6) at 9:45 am before proceeding to the preserve. ### Tri-Town Ride for Kids

This year's Second Annual PMC Kids Tri-Town Ride expects 350 children ages 3-15 years old to ride one to eight miles around the Town of Mattapoisett. There will also be an obstacle course suitable for riders with tricycles or training wheels.

The Tri-Town Ride was begun by local residents and is spearheaded by Kathy Gauvin and her family. Celebrating the conclusion of the Tri-Town Ride, there will be a party for participants and volunteers which will include music, refreshments, face painting, raffle items, and more.

The ride hopes to raise \$15,000. Proceeds from the Tri-Town Ride will benefit the Pan-Mass Challenge,

## ATTENTION DRIVERS

If you are involved in a collision you have the right to have your investment, your vehicle, repaired at a shop of your choice. Your insurance company may suggest a list of repair shops. Do not be persuaded by this list, it is not a guarantee of quality of services, nor does it limit your options. You want a shop who will work for you and with you to put your vehicle back to pre-accident condition. **COLLISION SERVICES OF MARION, INC.** is a licensed, bonded, registered repair shop with the state of Massachusetts. We work with all insurance companies to expedite your repairs. The important thing to remember is we repair the vehicle for you, our customers, not the insurance companies. So remember, if the need arises, contact **COLLISION SERVICES OF MARION, INC.** to get back on the road.

which supports cancer research and treatment at Dana-Farber Cancer Institute through its Jimmy Fund. PMC Kids Rides have raised nearly \$400,000 since 1998 when the first unofficial PMC Kids Ride began. PMC Kids Rides involve young people in volunteerism and charitable giving, while providing a safe and fun opportunity for them to become involved in the PMC mission.

The PMC Kids Tri-Town Ride will start at 9:45 am on Saturday, June 14 at Center School in Mattapoisett. There is a \$10 registration fee. Fundraising is encouraged but there is no minimum dollar amount. Contributions can be made payable to the Pan-Mass Challenge. For more information, to register for the ride, or to volunteer please go to <https://kids.pmc.org/mattapoisett>.

The Pan-Mass Challenge is a 192-mile bike-a-thon that draws over 4,000 cyclists from 30 states and six countries to ride across Massachusetts to raise millions of dollars for cancer research and treatment for Dana-Farber Cancer Institute through its Jimmy Fund. Now in its 29th year, the PMC generates nearly 50 percent of the Jimmy Fund's annual revenue. It is the most successful athletic fundraising event in the nation, as it raises and contributes more money to charity than any other. It is also the most efficient. In 2007, the PMC donated \$33 million — 99 cents of every rider-raised dollar — directly to the Jimmy Fund. This year's PMC event is scheduled for August 2-3, 2008.

Join the Marion Natural History Museum for a great summer near the water! They offer two opportunities for you to get your kids outside this summer. The program Life Along the Shore is for students entering Grades 1 and 2. This program will find participants seining the shore and exploring the plants and animals that live in the area's many coastal habitats. With the use of games, journals and introductory science techniques, this will be a wonderful first look at life in our coastal environment. Dates are from July 7 through the July 18 and again August 4-15.

The second program is Watershed Discovery for students entering Grades 3 and 4. With the use of microscopes, field guides and other equipment they will explore the unique features and health of riverbanks, swamps, ponds, bogs and marshes during this in-depth investigation of the area's water resources. Date for this program is July 7 through the July 18. The cost for each program is \$150 for members and \$200 for non-members and both programs run from 9:00 am to 12:00 noon, Monday through Friday. This is a wonderful opportunity to expose your children to the natural world around them.

To register please go to our website [www.marion-nh.org](http://www.marion-nh.org)

[onmuseum.org](http://onmuseum.org) and fill out a registration form and mail it in with payment. The programs will fill on a first-come, first-served basis and registration is limited to 15 children per session so please get your registrations in early. See you in the summer!
